

What is the BEST Project?

We strengthen Vermont school communities so they can build school-wide systems that work for all students, especially those at risk of or experiencing social, emotional, and behavioral challenges.

BEST: Building Effective Supports for Teaching

WHO WE ARE

The BEST Project is funded through the Vermont Agency of Education (AOE) and supported by the UVM Center on Disability & Community Inclusion.

WHAT WE DO

The BEST Team offers professional learning opportunities and hands-on support to help schools develop systems, data, and practices within a Multi-Tiered System of Supports (MTSS) Framework.

Schools build strong universal interventions for all students and layer on supplemental supports to meet every student's unique needs.
