

Does Your Child Have a Continence Challenge?

We want to hear about your experience, and what would help you.

The Vermont Continence Project wants to hear from the parents/guardians of any child or youth who has chronic incontinence, or difficulty using the toilet. We will ask questions about your experiences, and what would help you and your child.

The survey is anonymous. It will take about five (5) minutes to complete. Your answers will help us to plan our work. **You can win a \$100 Amazon gift card when you complete the survey.***

Vermont
Continence
Project

The Vermont Continence Project is an interdisciplinary project based at the University of Vermont. For over twenty (20) years, we've created positive, person-centered, science-driven supports for Vermont's children and youth.

*We will offer three (3) \$100 Amazon gift cards. You must complete all survey questions to be entered in the drawing. If you are chosen, you will have to provide your social security number to our grant funder to receive the prize.
