Vermont I-Team

Parent Permission Form for University of Vermont Interdisciplinary Team (I-Team) Personnel.

Consent to the Release of Personally Identifiable Information

I am the parent or legal guardian of:

I give permission for my child's school team and school:

- To request and receive consultation services from the I-Team and related UVM personnel to support planning and implementation of my child's school program.
- To exchange information from my child's educational records with the I-Team for use during the consultation and related planning and implementation of the IEP. Additionally, I provide consent for the I-Team to share information with my child's education team.

I understand that:

- I-Team services may include such services as observation of my child in educational settings (including the home, if my child is receiving IEP/504 accommodation services there), participation in team meetings, talking with me and with school staff and service providers about my child's needs, and providing training and/or recommendations.
- There is no cost to my family for these services.
- Legal confidentiality requirements will be observed by the school and the I-Team.
- The I-Team services will continue on an ongoing basis, unless the I-Team /school district no longer requests DHHDB consultation or if I revoke consent for the I-Team services.

I understand that this consent will be in effect for up to three years and may cover multiple school years. However, I also understand that I may revoke this consent in writing at any

time in the future by giving written notice to the I-Team if I no longer wish to have the I-Team consult with respect to my child's educational programming.

Additional Consents

1. Photographs and recordings for Use by Team. I consent for I-Team and my child's school to photograph, record, audio and/or video my child to assist in determining and providing IEP recommendations and implementation. These items will only be shared with I-Team, UVM related personnel and team members involved in planning and/or implementing my child's programming.
