Got 5 minutes? 15? 45?

There's time for accessibility!

CENTER ON DISABILITY & COMMUNITY INCLUSION →

5 minutes? *Learn about the big picture.*

Watch: *Students explain digital accessibility.* →

Learn: UVM's plan for digital accessibility. →

Explore: UVM's accessibility hub. →

Get details: UVM's digital accessibility 101. →

15 minutes? *Fix:*

Choose a Word or PowerPoint file, fix *one* common issue with ***Accessibility Checker.*** →

Word: Use headings & avoid tables.

Both: Check color contrast, alt-text for pics, & helpful link text.

PowerPoint: Use slide titles; check reading order.

45 minutes? *Keep going!*

Add alt-text & captions to social media.

Find accessible replacements for scanned docs.

Explore Brightspace accessibility. →

Request captions for your videos. →

Learn about power of plain language. →

More time? *Plan for future!*

Plan: Include accessibility in project planning from the start.

Create accessible templates for your common digital docs.

Network and grow: UVM's Office of Accessibility Services hosts initiatives to get help, learn more, & make UVM more accessible for all! →

Created by Jesse C. Suter (August 2026) for UVM's Basic Digital Accessibility course. Inspired by the TIES Center 5-15-45 Tool.
